

## **What is Citizens Band (CB) radio?**

Citizens Band (CB) Radio Service is a private two-way voice communication service for use in personal and business activities of the general public. Its communications range is from one to five miles.

CB radios operate in the 27 MHz band, and are identifiable by long antennas.

The FCC has assigned 40 channels for CB radio. All channels are shared.

No license is required.

*The Citizens Band Radio Service (FCC Rules Part 95) has been expanded to include the Family Radio Service and the Multi-Use Radio Service. See the individual "What Is" sheets for more information on these radio services.*
